

10 Person Smoking Shelter

Product Datasheet | Eco Range | 23 October 2026

The Urbanfab 10 Person Smoking Shelter provides a practical, weather-sheltered space for up to ten people. Its open-fronted design creates a clearly defined smoking area, with a choice of clear UV2 PETG, coloured Skybond ACM or galvanised steel panels to suit a wide range of settings.

10-Person Eco Smoking Shelter shown with UV2 PETG clear rear panels as standard and optional side panels

Hot-Dip Galvanised After Fabrication

The mild steel used in Urbanfab products is hot-dip galvanised after fabrication to ISO 1461:2022. Total immersion in molten zinc allows the protective coating to reach both external surfaces and accessible internal areas of hollow steel sections, where conventional surface-applied finishes may not provide protection.

The metallurgically bonded zinc coating provides long-term corrosion protection, helping reduce future maintenance and repairs. Find out more at urbanfab.com/why-we-galvanise/.

Dimensions and Construction

Specification	Details
Capacity	Up to ten people
Overall size	3500 mm W × 2040 mm D × 2100 mm H
Frame	50 × 25 mm RHS mild steel; hot-dip galvanised to ISO 1461:2022
Mounting	Bolt-down base plates for a suitable hard surface
Standard panels	3 mm clear UV2 PETG rear panels; UV-stabilised on both sides
Optional side panels	Optional half-height or full-height PETG, Skybond ACM or galvanised steel sides

Panel Combinations and Prices

Clear UV2 PETG rear panels are included as standard. Impact-resistant and UV-stabilised on both sides, they provide visibility and allow natural light through. Coloured Skybond ACM and galvanised steel panels offer opaque alternatives for greater privacy and screening.

Shelter configuration & optional extras	Ex VAT	Inc VAT
Clear UV2 PETG - matching rear and side panels		
Shelter only - clear UV2 PETG rear panels included	£975.00	£1,170.00
Clear PETG rear + half-height clear PETG sides (+£140)	£1,115.00	£1,338.00
Clear PETG rear + full-height clear PETG sides (+£220)	£1,195.00	£1,434.00
Coloured Skybond ACM		
Coloured Skybond ACM rear panels only (+£216)	£1,191.00	£1,429.20
ACM rear + half-height ACM sides (+£216 rear; +£220 sides)	£1,411.00	£1,693.20
ACM rear + full-height ACM sides (+£216 rear; +£491 sides)	£1,682.00	£2,018.40
Galvanised steel		
Galvanised steel rear panels only (+£586)	£1,561.00	£1,873.20
Galvanised rear + half-height sides (+£586 rear; +£320 sides)	£1,881.00	£2,257.20
Galvanised rear + full-height sides (+£586 rear; +£671 sides)	£2,232.00	£2,678.40
Optional 600 mm front canopies - additional cost		
600 mm front canopy - clear UV2 PETG	£365.00	£438.00
600 mm front canopy - coloured Skybond ACM	£492.00	£590.40
600 mm front canopy - galvanised steel	£529.00	£634.80
Optional powder-coated frame / modular extensions	Please call to enquire	

Bracketed upgrade amounts (ex VAT) are included in the total price.

Panel Materials at a Glance

- **Clear UV2 PETG.** 3 mm transparent glazing, impact-resistant and UV-stabilised on both sides.
- **Coloured Skybond ACM.** 3 mm aluminium composite sheet with 0.3 mm aluminium skins; colours can be mixed and matched across individual panels.
- **Galvanised steel panels.** 1.6 mm DX51D sheet, continuously hot-dip galvanised to EN 10346, with a silver-grey surface showing natural variation in tone and pattern.

Hot-Dip Galvanising and Optional Powder Coating

The mild-steel frame is hot-dip galvanised after fabrication to ISO 1461:2022 as standard. An optional RAL colour powder-coated finish can be applied over the galvanising to form a duplex coating system. Please see our Powder Coating page for finish options, coastal recommendations and additional benefits.

Smoking Use and Side-Panel Configurations

For smoking use, the shelter can be supplied without side panels or with optional half-height side panels to reduce exposure to wind and rain. Under UK smoke-free regulations, a roofed smoking shelter must not be substantially enclosed; at least 50% of the surrounding wall area must remain permanently open. Nearby walls and structures must also be considered. Full-height sides are intended for alternative, non-smoking applications.

Bespoke Configurations & Project Requirements

Urbanfab works with customers across the UK, from individual installations to larger developments and multi-site projects. Bespoke options include tailored panels, powder coating, optional canopy and modular shelter extensions.

We can work alongside project timescales, coordinate or delay deliveries to suit installation schedules, and arrange deliveries across multiple sites, with reduced carriage costs where applicable.

Delivery and Installation

Free UK mainland delivery is included. For destinations outside the UK mainland, please contact us for a tailored delivery quotation.

Standard stock configurations are normally delivered within 4-5 days. Please allow around 7 working days for coloured panels and canopies. Optional powder coating adds approximately 3-4 working days.

The shelter is supplied flat-packed and ready for assembly with frame and panel assembly fixings included. It is designed for bolt-down installation on a suitable hard surface. Ground anchors are available separately at a small additional cost; we'll contact you after ordering to discuss suitable options.

Ordering Information

Before ordering, please check the available space, installation surface, site access and nearby walls. Let us know your preferred panel configuration, colours, any optional canopy or powder coating, and other bespoke requirements.

Please also provide your delivery postcode, preferred delivery date and any special delivery instructions, such as restricted site access, designated delivery contacts or advance notice requirements.

Prices checked against the Urbanfab product listing on 17 October 2026. A quotation confirms the final specification, price and delivery date.
